pursuant to the first step act and 18 u.s.s.cc3582(c)(1)(a) i am asking for a compassionate release. should you deny me or fail to respond in 30 days this will be my attempt to exhaust my remedies and i can pursue this matter with my US district court judge. I am a key candidate and due to the amount of time served, my conduct in prison, and my programming would make me eligible, i also have family support. i appreciate your value time and consideration in this pertinent matter please contact me for any questions or concerns thank you Deonte proctor #20607-043
